Playful product text	**Eco-friendly and fun recycling truck:** Viking Toys Ecoline Recycling Truck is a fun and eco-friendly recycling truck. Made from sugar cane. Featuring a sorting box on the flatbed this recycling truck helps the kids learn about sorting bottles, leftovers and cartons
	Fine motoric skills: When the young recycler make the world cleaner. They develop their fine motor skills as they drive the car and sort out the waste for recycling in the sorting box.
	Developing play: In the adventures play with this recycling truck the children learn about recycling and sorting waste. While playing with the recycling truck children creates an environmental mindset already at a young age. But they'll just think it's lots of fun! The truck also helps guide children in their recognition of shapes and colors. This Recycle truck also develop children's hand-eye coordination and concentration, while providing hours of rewarding fun putting the shapes in the sorting box.
	Biobased, sustainable and non-toxic: This truck is made from a bio-based non-toxic material, made from sugar cane. The truck is sustainable and an antidote to the disposal culture. Because it will last for generations without being harmful to the next
	Every Jumbo plants a tree: For each recycling truck sold we plant a tree together with The organization One Tree Planted.
	Easy cleaning: It doesn´t matter if the children want to pick up recycling material at the beach or in the kitchen. Because when the truck gets dirty, just put it in the dishwasher
